VANCOUVER STARTUP WEEK

TTT studios

Vancouver's Hackathon With Heart

VanHacks is an annual hackathon organized by **TTT Studios and Vancouver Startup Week** dedicated to helping those helping our community. We call you, hackers of Vancouver, to join us over a weekend to create tech solutions that solve challenging issues faced by our community's not-for-profit institutions whose aim is to do social good. With your help, we can work towards building a better, more unified Vancouver.

VanHacks is designed around the mantra of acting local and thinking global. All hacks are encouraged to be published open source so that an organization in Vancouver can benefit just as much as a similar nonprofit on the other side of Canada or the other side of the World.
